COMPANY PROFILE MAY 2023

General Overview

STHAPONA CONSULTANTS LIMITED was established in 2010 to provide civil/structural engineering services. The first few years were devoted to rigorous training, limited structural analysis, and design work. Later we have expanded our engineering services to other structural divisions such as Bridge Engineering, Culvert Design, and Drainage system design for the whole city. In addition to Structural/Civil Engineering, we are providing support to the Industrial division for Electrical & Fire safety Engineering and industrial compliance. Later Sthapona Consultants Limited formed a company and Enlisted to Joint Stock.

STHAPONA CONSULTANTS LIMITED provides sophisticated & quality engineering services throughout the whole country. Projects at **STHAPONA CONSULTANTS LIMITED** start from the feasible perspective.

Our engineers are expected to have a working knowledge of ETABS, STAAD.pro, and AutoCAD before joining **STHAPONA CONSULTANTS LIMITED**. They are also well versed in SAP2000, SAFE, Staad.pro, Foundation3D, Shaft3D, DYNA5, MicroStation, FrameWorks Plus, Smart Plant Review, GEO Structural, Revit, AllPile, Desconbrace, Ram Connection, Tekla, etc.

Today, **STHAPONA CONSULTANTS LIMITED** staffs are uniquely skilled to take on any project at any stage and provide outstanding service on a very aggressive schedule to fulfill our vision to be the leading engineering service provider.

Name of the Company:	STHAPONA CONSULTANTS LIMITED
Corporate Office:	Ka-147, Kuril, Vatara, Dhaka-1229 House# 18 (1st floor), Road# 20, Nikunja-2, Dhaka-1229
Chattogram Office:	Khan Manor (2nd floor), Opposite to Chattogram press club, Jamalkhan, Chattogram
Cell:	Office: +880 1711 268012
Email addresses:	<i>design@sthaponabd.com</i> <i>mehedi@sthaponabd.com</i>
Office Phone:	+880 1762 777666 +880 1733 331070-88
Web addresses:	<i>www.sthaponabd.com</i>
Year of Establishment:	2010
Trade License No.:	TRAD/DNCC/006788/2022, Sthapona Consultants Limited
TIN No.:	279205446204, Sthapona Consultants Limited
Vat Registration No.:	BIN: 003187348-0101, Sthapona Consultants Limited

Vision & Mission Statement:

Vision Statement: Our vision is to be a world-class leader in structural engineering services, and to design structures that are second to none in safety, quality, and cost-effectiveness. In addition to that to be a pioneer in industrial & commercial safety/ compliance for Structural, Electrical & Fire safety issues in a one-stop service.

Mission Statement: Our mission is to advance the practice of structural engineering services in terms of safety quality and cost-effectiveness. We review our practice from the perspective of fabricators, erectors, and builders to ensure a flawless transition from the engineer's desk to the final product. We are passionate about what we do and are excited about using innovative technologies for delivering the best product to you. In addition to giving the best integrity services for the industry through a continuous commitment to quality with quicker faster solutions that runs your factory smooth and straightforward to suppose. We offer our valuable clients a variety of electrical engineering solutions, fire system solutions while reflecting the highest standards of performance and customer services.

Our Strength:

We pride ourselves in our focus on the client's needs combined with our passion for the Profession of structural, Electrical & Fire safety engineering. We have a highly skilled engineering/design/Detailing team of experienced and highly qualified engineers and designers. Our engineers must be fully abreast with current developments in the structural, Electrical & Fire Safety engineering field and the technologies available to tackle engineering issues. Our engineering team is efficient in structural analysis and design software like SAP2000, STAAD.Pro, ETABS, SAFE, All Pile, Foundation 3D, Shaft3D, Descon Brace, Descon Win, and Ram Connection. Engineers and Designers are well versed in Frameworks Plus, PDS, Tekla Structures, SDS/2, and AutoCAD & Microstation, and other professional engineering software as per the requirement of the industry. The entire staff is highly motivated to work as a team and bring out the best product for the client.

Sthapona Consultants is an Enlisted Firm for the Reverse Engineering / Detailed Engineering Assessment (DEA) for Government of Bangladesh. Please find here below the Certificate.

Services:

Architectural Design & drawing:

1. Proposed & As-Built Drawing with furniture/machine layout plan.
2. 3D Modeling.
3. RAJUK, CDA, KDA, City Corporation & Pouroshova Approval Drawing.
4. Interior Design & Decoration.

Structural Design & Drawing:

1. Structural design as per BNBC.
2. Bridge Design
3. Culvert Design
4. Drainage System design for the Whole City
5. Design report preparation.
6. Detail Engineering Assessment.
7. Non-destructive test.
8. Sub-soil investigation.
9. Feasibility study.
10. BOQ & Estimation.
11. Design Review.

Fire Safety Design & Drawing:

1. Fire Detection System.
2. Fire Hydrant System.
3. Fire Sprinkler System.
4. Fire Safety Plan.
5. Evacuation Plan.
6. Design Review.

Electrical-Safety Drawing and Consultancy:

1. Single Line Diagram (SLD).
2. Lightning Protection System (LPS).
3. Electrical Layout Diagram (ELD).
4. BBT Layout Drawing.
5. Electrical Fixture Layout Drawing.
6. HVAC System Design.
7. Design Review.

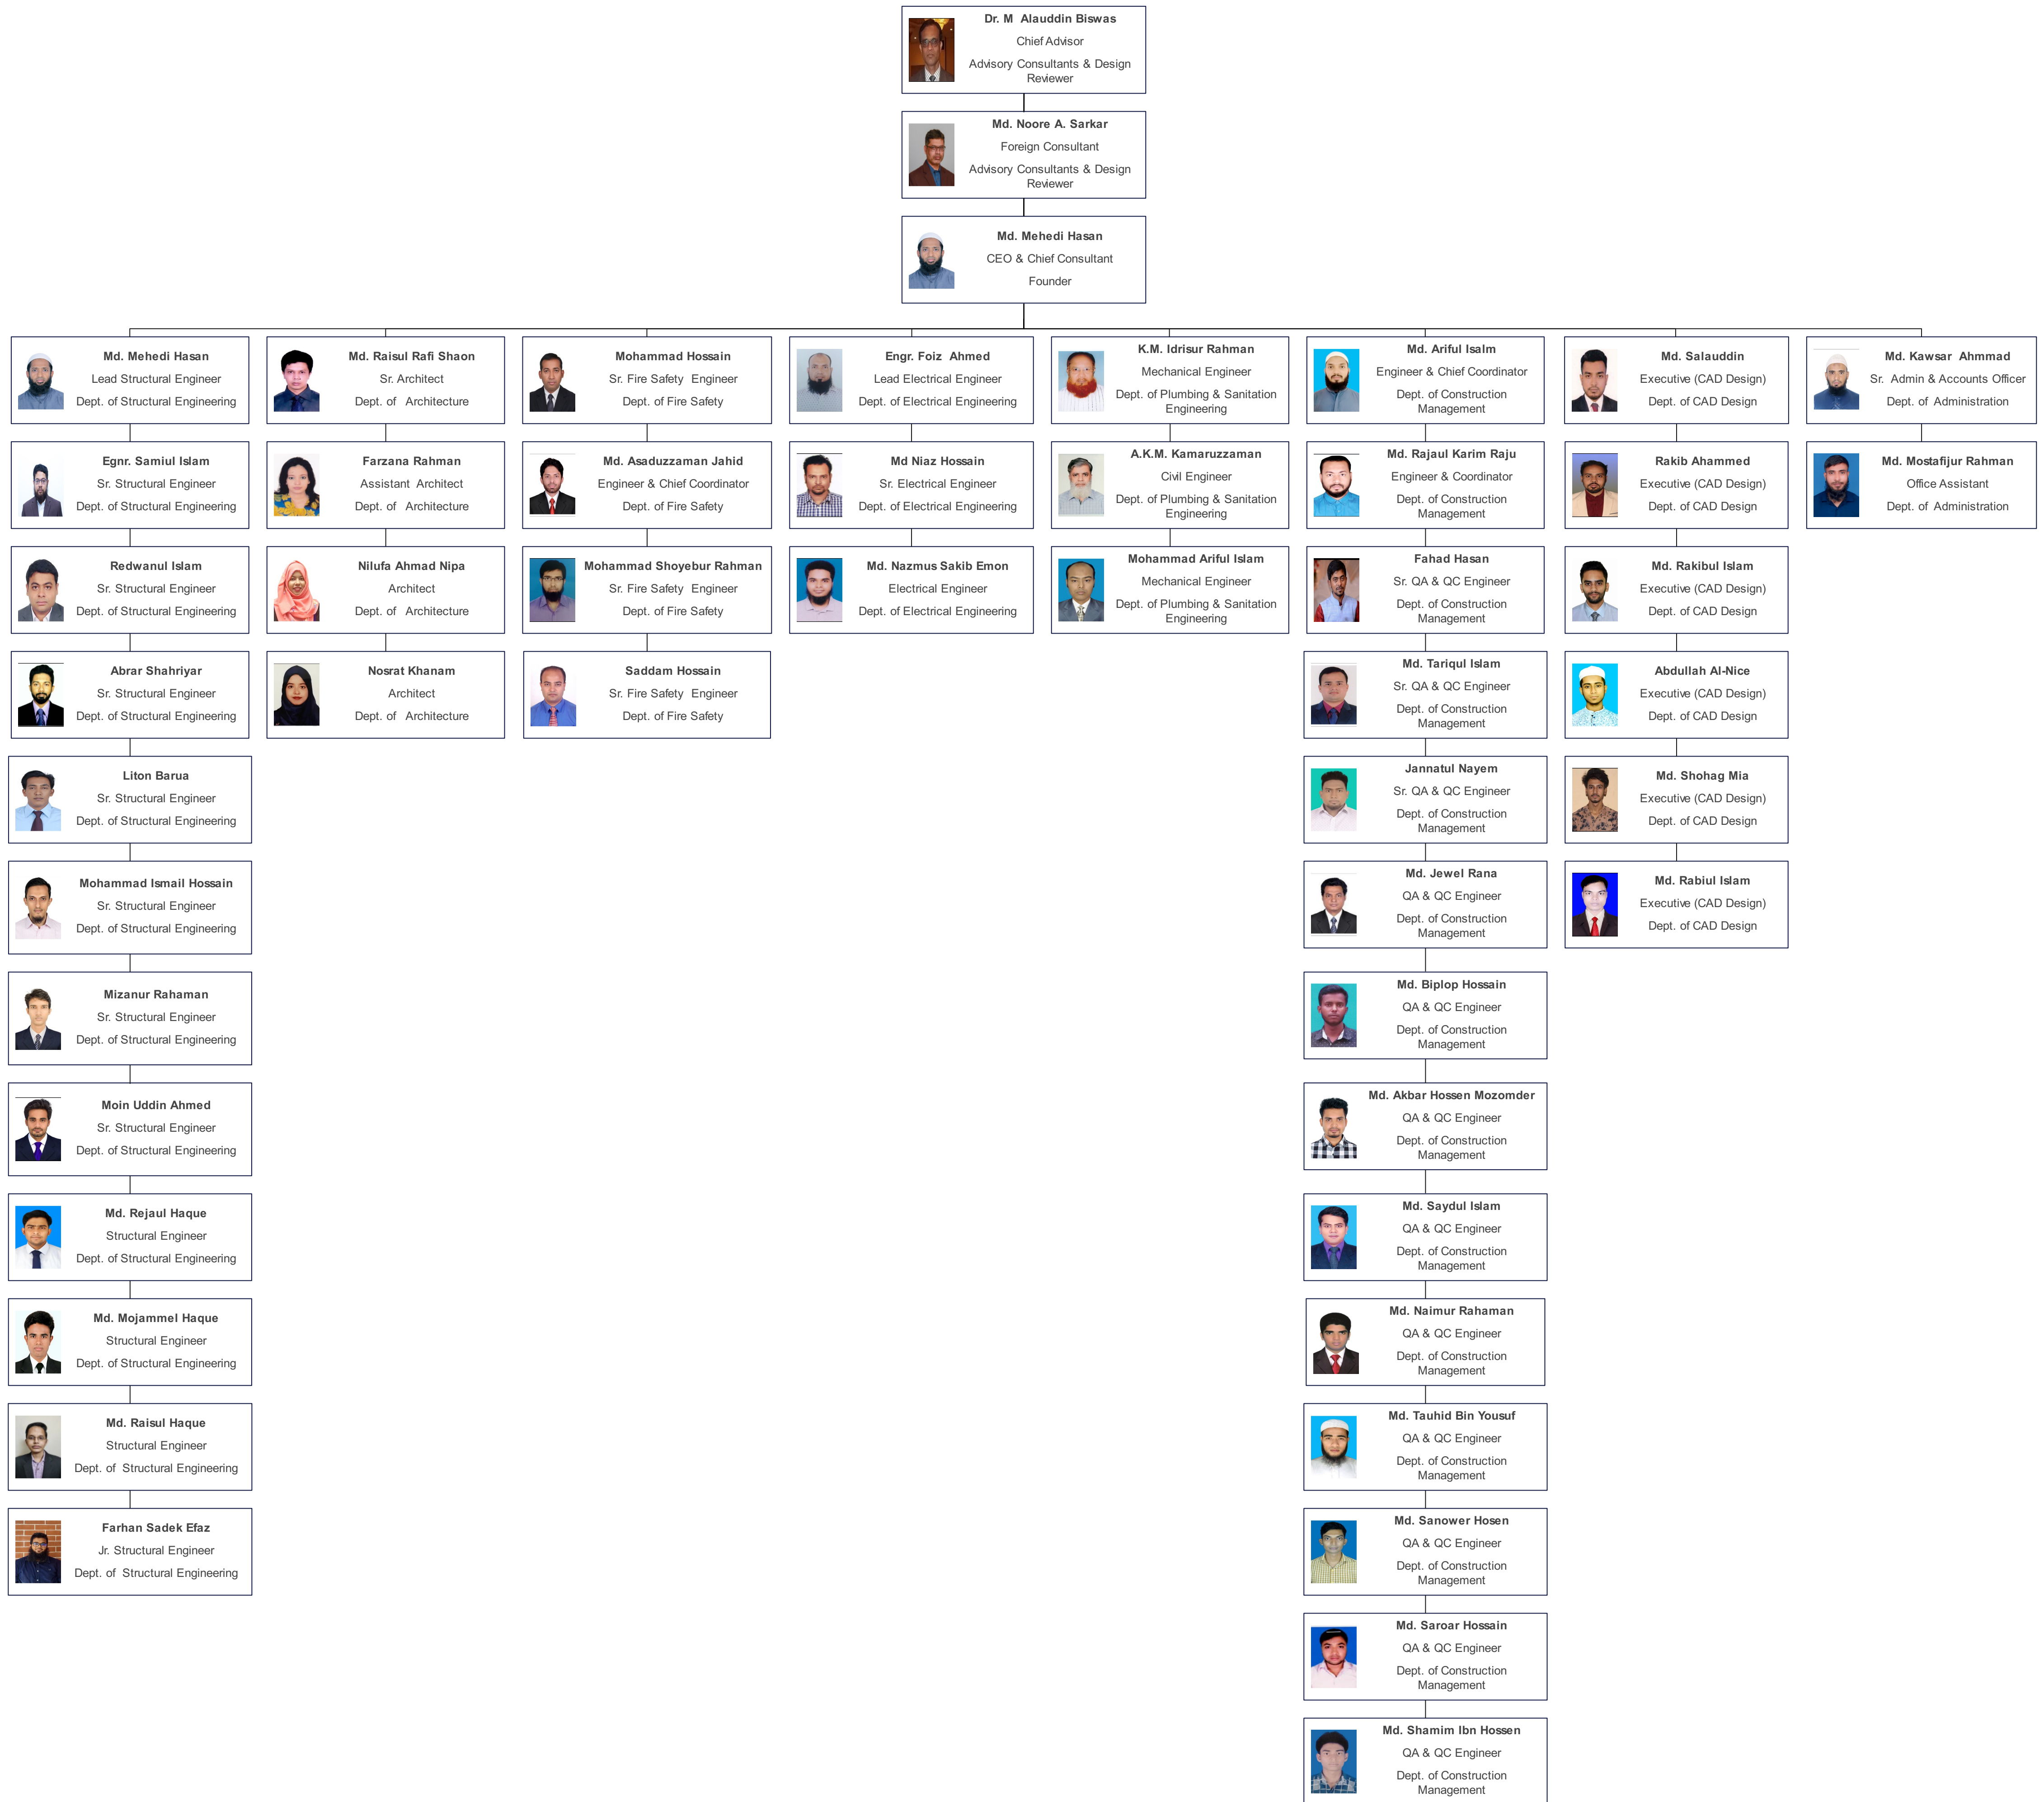

Sustainable Development:

1. Environmental Impact Assessment.
2. Environmental Management Plan.
3. Initial Environmental Examination.

Construction / Erection:

1. Structural retrofitting work.
2. Industrial, commercial & residential building construction.
3. Fire detection, protection & fire wall construction & installation.
4. Electrical LPS installation.
5. Site Supervision.

OUR TEAM

(Structural Safety Department)

KEY PERSONNEL

ADVISORY CONSULTANTS & DESIGN REVIEWER

Dr. M Alauddin Biswas, P.Eng.

Chief Advisor & Foreign Consultant

Ph.D in Structural Dynamics, Both Linear & Non Linear

Statics & Dynamics of cable System (Siatama University, Japan)

M.Sc. in Structural Engineering (BUET)

B.Sc. in Civil Engineering (BUET)

Professional Engineers Ontario (No.100073198) (Member)

American Society of Civil Engineers (Member)

Institute of Engineers Australia (Member)

Japan Society of Civil Engineers (Member)

Highly motivated professional with more than 30+ year experience in structural engineering and Lecturer. Expert with the high rise buildings projects in Canada. Specialist in structural engineering with an emphasis in Civil/Structural Engineering services related to High rise buildings, Bridge & Railways Structures, Tunnel, culverts in industrial and commercial buildings in detail design, fabrication and erection phases. Work in well-known companies in Canada & design of 102 storied building using three dimensional model. Designing vibration controlling System in building due to VCD, TMD & TLD. Analytical investigation was carried out using 3-dimansional modelling of the steel roof cladding in ABAQUS. MSC PATRAN was used to model the steel sheeting as well as the fasteners. Full geometric non-linear analysis was done using some contact element available in ABAQUS. Working as a consultant in structural engineering for the design and construction of a number of multi-storied buildings, trusses and bridges working as a consultant in quality control for various construction works. These consulting works included laboratory testing of different construction materials, such as concrete, steel, cement, aggregate. Specialist of structural engineering software in SAP2000, ETABS, SAFE, STAAD, RAM Steel, CSS, ADOSS, WD, LPILE, STRAND7, LUSAS, NASTRAN, MSC PATRAN, ABAQUS, MICROSTRAN, RAPT, COMPBEAM, BIAXIAL, BHP WEBPEN, COLDES, SLABS, RAM Concept, ADAPT RC, ADAPT PT. Research & conference papers of “Control of Cable Vibrations Using Secondary Cable with Special Reference to Nonlinearity and Interactions”, “Dynamic Characteristics and Vibration Control of a Cable System with Sub structural Interactions ”, “Design Forces and Moments in Circular Silos Based on Finite Element Analysis”, “Finite Element Analysis of Circular Silos Under Wind Loads”, “Control of Cable Vibration Through Interaction Among Main and Secondary Cables,” “On Interaction Among Cables in a Cable System,” “Nonlinear Effects of Secondary Cable on its Control Performance”, “Nonlinear Effects of Secondary Cable on its Control Performance”, Vibration Control and its Mechanism in Cable System with Secondary Cable. A Design Rationale for Circular Silos Based on Finite Element Analysis. Finite Element Analysis of Axi-symmetric Structures with Special Reference to Silo.

KEY PERSONNEL

Md Noore A. Sarkar

Foreign Consultant

Texas PE #133572, Texas Board of Professional Engineers American

Institute of Steel Construction (AISC) - Member

Institute of Engineers Bangladesh (IEB) - Member

Highly motivated professional with more than 18+ year experience in structural engineering and project management. Proven ability to efficiently multi-task and meet critical deadlines. Well-versed in structural engineering with an emphasis in Civil/Structural Engineering services related to highway bridges, retaining walls, sound walls, culverts, water infrastructures, detention basin, petrochemical & power industries, industrial and commercial buildings in detail design, fabrication and erection phases. Design of highway bridges using TxDOT Manuals & AASHTO Bridge Design Specifications. Design of masonry, concrete & steel structures: process structures, clarifiers and buildings using standards/codes: IBC, ASCE7, AISCs and ACIs Preparation of project manual/specifications Managing skills for all aspects of design, preparation of shop drawing, coordinating with clients, determine and maintain the schedule of projects per project requirements. Proficient in structural analysis and design in Staad Pro, SAP2000, Lpile and Etab. Hands-on experience using bridge design software BGS, PGSuper, VBent, Culv5, Wincore, Bentley Leap Bridge Steel & Midas Civil. Hands-on experience using AutoCAD, Microstation and 3D BIM software: SDS/2 and TEKLA. Capable of using MS Office (Word, Excel, PowerPoint and Outlook), Bentley ProjectWise, MathCAD & Bluebeam.

KEY PERSONNEL (FOUNDER)

Md. Mehedi Hasan, PEng.

Managing Director & Chief Consultant
M.Sc. in Structural Engineering (BUET)
B.Sc. in Civil Engineering (BUET)
PEng. Reg. No: 01/0390,
FIEB (F-13480), (DMINB CE/C-0233)
Cell: +880 1711 268012

Serving as a lead structural engineer for almost Seventeen years, which provides on-schedule quality civil-structural engineering services to EPC firms in times of critical needs. Worked in the field of structural engineering related to Bridge Design, High rise building, power, furnace, chemical, and petroleum industries by investigating the technical requirements in the existing standards and practices of major industries or standard organizations. Experience in three-dimensional modeling, static and dynamic analysis, and design of concrete, steel, fiberglass, and composite structures with special emphasis on process industry facilities involving oil, gas, and petrochemical services. Proficient in finite element modeling, design, and stress analysis of shallow and deep foundations which include both soil supported and pile-supported foundations of heavy structures, pressure vessels, tanks, heat exchangers, and open frame industrial occupancies.

KEY PERSONNEL

Liton Barua

Sr. Structural Engineer & Project Manager

B.Sc. in Civil Engineering (CUET)

15+ Years of Experience in The Field Of Civil Engineering Design And Construction For The High-Rise And Low-Rise Residential, Commercial And Industrial Buildings. Worked In The Field Of Structural Engineering By Investigating The Technical Requirements As Per The Existing Standards And Code Of Practices. Experience Includes Construction Management, Three Dimensional Modeling, Analysis and Design of Structures and Foundations, Supervision of Sub-Ordinates' Works.

KEY PERSONNEL

Abrar Shahriyar

Sr. Structural Engineer

B.Sc. in Civil Engineering (CUET)

7+ Years Of Experience In The Field Of Civil Engineering Design And Construction For The High-Rise And Low-Rise Residential, Commercial And Industrial Buildings. Worked In The Field Of Structural Engineering By Investigating The Technical Requirements As Per The Existing Standards And Code Of Practices. Experience Includes Construction Management, Three Dimensional Modeling, Analysis and Design of Structures and Foundations, Supervision of Sub-Ordinates' Works.

KEY PERSONNEL

Mizanur Rahaman

Sr. Structural Engineer
B.Sc. in BECM Engineering (KUET)
MIEB (M-42744)

5 years+ of experience in the field of civil engineering design and construction for high-rise and low-rise residential, commercial and industrial buildings. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures and foundations, supervision of sub-ordinates works.

KEY PERSONNEL

Mohammad Ismail Hossain

Sr. Structural Engineer
BSc. in Civil Engineering (CUET)
MIEB (M-42283)

Overall 5 years+ of experience in the field of civil engineering design and construction for multistoried residential, commercial and industrial buildings and heavy structures especially for the RMG industries. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures (concrete, steel and FRP) and foundations, supervision of sub-ordinates works.

KEY PERSONNEL

Moin Uddin Ahmed

Sr. Structural Engineer

B.Sc. in BECM Engineering (KUET)

5 years+ of experience in the field of civil engineering design and construction for high-rise and low-rise residential, commercial and industrial buildings. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures and foundations, supervision of sub-ordinates works.

KEY PERSONNEL

Md. Rejaul Haque

Structural Engineer

B.Sc. in Civil Engineering (CUET)

4 years+ of experience in the field of civil engineering design and construction for high-rise and low-rise residential, commercial and industrial buildings. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures and foundations, supervision of sub-ordinates works.

KEY PERSONNEL

Md. Mojammel Haque
Structural Engineer
B.Sc. in Civil Engineering

4 years+ of experience in the field of civil engineering design and construction for high-rise and low-rise residential, commercial and industrial buildings. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures and foundations, supervision of sub-ordinates works.

KEY PERSONNEL

Md. Raisul Haque
Structural Engineer
B.Sc. in Civil Engineering

2 year+ of experience in the field of civil engineering design and construction for high-rise and low-rise residential, commercial and industrial buildings. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures and foundations, supervision of sub-ordinates works.

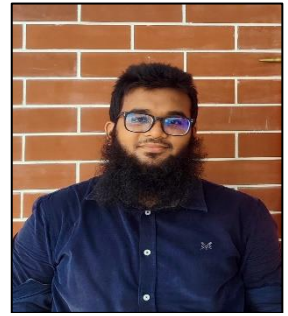

KEY PERSONNEL

Farhan Sadek Efaz

Junior Structural Engineer

B.Sc. in Civil Engineering (CUET)

One year+ of experience in the field of civil engineering design and construction for high-rise and low-rise residential, commercial and industrial buildings. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures and foundations, supervision of sub-ordinates works.

OUR TEAM

(Supervision & Construction
Management Department)

KEY PERSONNEL

Md. Ariful Islam

Sr. Project Coordinator & Manager (Construction & operation)
B.Sc. in Civil Engineering (CUET)

4 years+ of experience in the field of civil engineering design and construction for high-rise and low-rise residential, commercial and industrial buildings. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures and foundations, supervision of sub-ordinates works

KEY PERSONNEL

Md. Rejaul Karim Raju

Structural Engineer & Project Coordinator
B.Sc. in Civil Engineering

Overall 6+ years of experience in the field of Civil engineering Design and Construction for the Multistoried Residential, Commercial and Industrial buildings and heavy structures especially for the RMG industries. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three Dimensional modeling, analysis and design of structures (concrete and steel) and foundations, Supervision of sub-ordinates works.

KEY PERSONNEL

Md. Tariqul Islam

Sr. Quality Assurance & Quality Control Engineer

B.Sc. in Civil Engineering

Overall 6+ years of experience in the field of Civil engineering Design and Construction for the Multistoried Residential, Commercial and Industrial buildings and heavy structures especially for the RMG industries. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three Dimensional modeling, analysis and design of structures (concrete and steel) and foundations, Supervision of sub-ordinates works.

KEY PERSONNEL

Jannatul Nayem

Sr. Quality Assurance & Quality Control Engineer

B.Sc. in Civil Engineering

Overall 6+ years of experience in the field in civil engineering fields like estimation, cad design and quality control of construction for the multistoried residential, commercial and industrial buildings and heavy structures especially for the RMG industries.

KEY PERSONNEL

Md. Fahad Hasan

Sr. Quality Assurance & Quality Control Engineer

B.Sc. in Civil Engineering

Asst. Architect
Bachelor of Architecture

Servicing as a Professional Architect more than 11 years and experiencing a challenging career path. Involved in various architectural project like residential building, commercial building, industrial building etc. Willing to play a vital role to ensure career development.

KEY PERSONNEL

Nilufa Ahmad Nipa

Architect

Bachelor of Architecture

Serving as a Professional Architect for more than four (4) years which provides on-schedule quality architectural services in times of critical needs. Worked in the field of Architectural related to high-rise buildings, garments buildings, residential buildings, commercial buildings, and lots of govt. and non-govt. organizations.

KEY PERSONNEL

Nosrat Khanam

Architect

Bachelor of Architecture

Serving as a Professional Architect for more than one (1) years which provides on-schedule quality architectural services in times of critical needs. Worked in the field of Architectural related to high-rise buildings, garments buildings, residential buildings, commercial buildings, and lots of govt. and non-govt. organizations.

OUR TEAM

(Fire Safety Department)

KEY PERSONNEL

Mohammad Hossain

Sr. Fire Safety Engineer
B.Sc. in Mechanical Engineering
FIEB No.-11176

Working in the field of Mechanical engineering for a Total of Thirteen (17) years. In this long journey worked over 13 years in the field of Fire Safety, visited more than 300 factories in the Existing RMG factory Buildings in Bangladesh and 400 factories outside Bangladesh, Worked almost 07 years as Site Manager in Saudi Arab in a world-renown Fire-Safety company Hanwha Engineering and Construction.

KEY PERSONNEL

Md. Asaduzzaman Jahid

Engineer & Chief Coordinator
B.Sc. in Civil Engineering
Cell: 01733 331085

11+ years of experience in the field of civil engineering design and construction for high-rise and low-rise residential, commercial and industrial buildings. Worked in the field of structural engineering by investigating the technical requirements as per the existing standards and code of practices. Experience includes construction management, three-dimensional modeling, analysis and design of structures and foundations, supervision of sub-ordinates works

KEY PERSONNEL

Mohammad Shoyebur Rahman

Sr. Fire Safety Engineer

B.Sc. in Mechanical Engineering (BUET)

Serving as Senior Fire Safety Engineer for over 15+ years which provides on-schedule quality fire safety services in times of critical needs. Worked in the field of fire safety related to high-rise buildings, garments buildings, residential buildings, commercial buildings, and lots of govt. and non-govt. organizations. Experiences incorporate in designing fire detection and protection system, supervising & monitoring installation works, troubleshooting the various faults and fixing, programming the panels using software database system (3-SDU for EST3 Panel, Quickstart for Quickstart, EST Panel), commissioning the system for normal operation, building the Computer-based graphics system for controlling and monitoring of Fire Detection and Protection System (Fireworks for EST-3), Train up people about monitoring and maintaining of the overall system at site etc for existing and new factory and residential buildings. Also worked for lots of RMG buildings to comply with the fire safety requirement of ACCORD and ALLIANCE and got approval with satisfaction.

KEY PERSONNEL

Saddam Hossain

Sr. Fire Safety Engineer

B.Sc. in Electrical & Electronic Engineering

Serving as Fire Safety Engineer for over 10+ years which provides on-schedule quality fire safety services in times of critical needs. Worked in the field of fire safety related to high rise buildings, garments buildings, residential buildings, commercial buildings. Experiences incorporate in supervising & monitoring of installation works, troubleshooting the various faults and fixing, programming the panels using a software database system, commissioning the system for normal operation, Testing and Commissioning Detection and Protection System Ensure the quality of the work. Supervision and monitoring of the site, repotting work of different sites to Chief Engineer, commissioning and Testing report As per NFPI, Accord & Alliance. Repotting of different work (site) to G.M, details drawing about Fire Alarm System & Protection system. Lift Commissioning, Train up people about monitoring and maintaining of the overall system at site, etc for existing and new factory and residential

OUR TEAM

(Electrical Safety Department)

KEY PERSONNEL

Engr. Foiz Ahmed

Lead Electrical Engineer

B.Sc. in Electrical & Electronic Engineering (CUET)

MIEB -31240

Serving as Senior Electrical Engineer for almost 10+ years which provides on-schedule quality electrical engineering services in times of critical needs. Worked in the field of Electrical Engineering related to a high-rise buildings, garments buildings, residential buildings, commercial buildings, and lots of govt. and non-govt. organizations. Experiences incorporate in substation design, LT, HT & PFI panel design, Conduit layout design, fixture layout design, single line diagram design, panel board details design, earthing diagram details design, lightening protection system design., etc for existing and new factory and residential buildings. Also worked for lots of RMG buildings to comply with the electrical safety requirement of ACCORD and ALLIANCE and got approval with satisfaction.

KEY PERSONNEL

Md Niaz Hossain

Sr. Electrical Engineer

B.Sc. in Electrical & Electronic Engineering

Serving as an Electrical Engineer for more than Eighteen years which provides on schedule quality electrical engineering services in times of critical needs. Worked in the field of Electrical Engineering related to high rise building, garments buildings, residential buildings, commercial buildings. Experiences incorporate in LT, HT & PFI panel design, Conduit layout design, fixture layout design, single line diagram design, panel board details design, earthing diagram details design, lightening protection system design., etc for existing and new factory and residential buildings. Also worked for lots of RMG buildings to comply with the electrical safety requirement.

KEY PERSONNEL

Md. Nazmus Sakib Emon

Electrical Engineer

B.Sc. in Electrical & Electronic Engineering

Serving as an Electrical Engineer for more than four years which provides on schedule quality electrical engineering services in times of critical needs. Worked in the field of Electrical Engineering related to high rise building, garments buildings, residential buildings, commercial buildings. Experiences incorporate in LT, HT & PFI panel design, Conduit layout design, fixture layout design, single line diagram design, panel board details design, earthing diagram details design, lightening protection system design., etc for existing and new factory and residential buildings. Also worked for lots of RMG buildings to comply with the electrical safety requirement.

OUR TEAM

(Plumbing & Sanitation Design)

KEY PERSONNEL

K.M. IDRISUR RAHMAN

Sr. Mechanical Engineer

B.Sc. Mechanical Engineering (RUET)

Fellow of the Institute of Engineers, Bangladesh (F/5915),

Rajuk Registration No, DMINB/ME-0004

Serving as a Professional Mechanical Engineer for more than forty five (45) years which provides on schedule quality Plumbing & Sanitation services in times of critical needs. Worked in the field of Plumbing & Sanitation design related to high-rise buildings, garments buildings, residential buildings, commercial buildings, and lots of govt. and non-govt. organizations.

KEY PERSONNEL

A.K.M. KAMARUZZAMAN

Sr. Civil Engineer

B.Sc. Civil Engineering (RUET)

Fellow of the Institute of Engineers, Bangladesh (FIEB-7864)

RAJUK REG.NO.DMINB/CE-0117.

Serving as a Professional Civil Engineer for more than Thirty (30) years which provides on schedule quality Plumbing & Sanitation services in times of critical needs & Total design completed projects : about 2000 nos. Water Supply, Sanitation System and Fire Fighting & Design Drawing, Estimating, Preparation of Tender Documents, Management Monitoring and Top. Supervision of Construction works. Worked in the field of Plumbing & Sanitation design related to high-rise buildings, garments buildings, residential buildings, commercial buildings, and lots of govt. and non-govt. organizations.

KEY PERSONNEL

Mohammad Ariful Islam

Sr. Mechanical Engineer

B.Sc. in Mechanical Engineering

Serving as a Professional Mechanical Engineer for more than 12+ years which provides on schedule quality Plumbing & Sanitation services in times of critical needs. Worked in the field of Plumbing & Sanitation design related to high-rise buildings, garments buildings, residential buildings, commercial buildings, and lots of govt. and non-govt. organizations.

TEAM OF CAD DESIGN

KEY PERSONNEL

Md. Salauddin

Sr. Executive (CAD Design)
Diploma in Civil Engineering

KEY PERSONNEL

Rakib Ahammed

Executive (CAD Design)
B.Sc. in Civil Engineering

KEY PERSONNEL

Md. Rakibul Islam

Executive (CAD Design)
B.Sc. in Civil Engineering

KEY PERSONNEL

Abdullah Al-Nice

Executive (CAD Design)
Diploma in Architecture

KEY PERSONNEL

Md. Shohag Mia

Executive (CAD Design)
Diploma in Civil Engineering

KEY PERSONNEL

Md. Rabiul Islam

Executive (CAD Design)
Diploma in Civil Engineering

TEAM OF ADMINISTRATION

KEY PERSONNEL

Md. Kawsar Ahmmad

Sr. Hr. Admin & Accounts Officer

BBS Hon's., MBS Masters

Cell: 01733 331071

15+ years of experience in the field of administration & Hr compliance. Understanding of LC and its terms and conditions. Understanding of Documents retirement & acceptance process for Import. Prepare Commercial invoice, packing list, Detail Packing list for Local export. Maintain proper correspondents with Bank, merchandiser, factory, buyer, shipping line, freight forwarder, C&F and other concerned offices. Maintain customs process for goods clearing and transportation against Import. Renewal of Trade License, IRC, ERC, Bond License, Fire etc. Ability to efficiently manage the Commercial related activities.

Some in House Destructive & Non-Destructive Test Equipment

Equipment	No.	Brand Name	Model	Picture
Rebar Scanner	01	Hilti- Germany	PS-250	
Rebar Detector/ Wall Scanner	01	Bosch- Germany	D'tect 150	
Core Cutter Machine	01	Hilti-Austria	DD-120	
Ultrasonic Pulse Velocity Analyzer	01	Control- Italy	58-E4800	
Rebound Digital Concrete Hammer	01	Control- Italy	58-C0181	

Laser Distance Meter	02	Bosch-Germany	Bosch-GLM 80	
Hammer Drill	02	Bosch- Germany	GSH 11VC & GSH 11E	
Cross Hole Ultrasonic Monitor	01	England		
PSI: Parallel Seismic Instrument	01	England		

List of tools used for Fire Safety & Installation

Tools for Site works:

1. Hammer Drive Machine	:	12 Nos.
2. Small Drive Machine	:	10 Nos.
3. Vacuum Machine	:	05 Nos.
4. Cable cutter	:	06 Nos
5. Tie Cutter	:	06 Nos
6. Crone Puncher	:	06 Nos
7. Star Screw driver set	:	06 Nos
8. Screw Driver set	:	06 Nos
9. Allen Key set	:	06 Nos
10. Combination Plier	:	06 Nos
11. Noose plier	:	06 Nos.
12. Cutting plier	:	06 Nos.
13. Tool box	:	06 Nos.
14. Hammer	:	06 Nos.
15. Multi Meter	:	06 Nos
16. Clipon Meter	:	06 Nos
17. Safety Belt	:	12 Nos
18. Safety shoe	:	12 Nos
19. Helmate	:	12 Nos
20. Compas	:	06 Nos
21. Hacksaw	:	06 Nos
22. Scissor	:	06 Nos
23. File	:	06 Nos
24. Connector Maker	:	06 Nos
25. Pulley	:	06 Nos
26. Roap set	:	06 Nos
27. Adjustable Wrench	:	06 Nos
28. Hydraulic Puncher	:	06 Nos
29. Hand Puncher	:	06 Nos
30. Grinding Machine	:	06 Nos
31. Chisel	:	06 Nos
32. Measurement Tape	:	06 Nos
33. Russet set	:	06 Nos
34. Working Ladder	:	06 Nos
35. Spanner set	:	06 Nos
36. Nitrogen Cylinder	:	06 Nos.
37. Oxygen Cylinder	:	06nos
38. Pipe bender	:	05 Nos.
39. Flaying tools	:	05 Nos.
40. Flaring vice	:	05 Nos.
41. Tube cutter	:	05 Nos.
42. Gauge Meter	:	05 Nos.
43. Screw Fitter	:	05 Nos.
44. Hose pipe	:	05 Nos.
45. Dust blower	:	05 Nos.
46. Gas Welding set	:	05 Nos.
47. Electric Arc (Welding set Heavy Duty)	:	02 Nos.
48. High speed cutter	:	10 Nos.
49. Scissors (Heavy Size)	:	15 Nos.
50. Cutting Machine	:	05 Nos.
51. Sheet bending Machine	:	05 Nos.
52. Lock former	:	06 Nos.
53. Drill press	:	05 Nos.
54. Hand grinder	:	06 Nos.
